October 1, 2006

Dear Joe:

I am writing to express my gratitude to you for the value you have added to my business over the years. We have known each other for about thirteen years and during that time have worked on three major projects together - an enlargement of my original location in 1993, the move to my current location in 1994, and the renovation and expansion of my current location in 2003. During each of these projects you have provided me with excellent advise and consulting services regarding site selection, store design, food service equipment selection, permit expediting, and construction management.

In addition, you have demonstrated a solid understanding of the business of foodservice over the years that has helped me to continue to grow my business.

I would recommend you to anyone looking for help to build or grow a foodservice business.

Sincerely,

A handwritten signature in cursive script that reads "John".

John Deem, President
