Dear Joe:

Over the past three years you have been an asset beyond value. As a project manager based out of state, I would be lost without your knowledge and staff to assist whenever I have a new project in the DC market.

In the short time we have worked together I don't think I could even recount the amount of times I have called on your assistance. The most amazing part is that you are just as efficient and professional with a one store start-up as you are with a 300 store known concept. You treat each project as if it were the most important relationship to your team.

Thank you for your continuing support. I can now say I look forward to building in the DC market as it is much easier with your staff at hand.

Kindest Regards,

Linda M. Sherman
National Project Manager
